

REMARKS

Claims 27-37 are under examination.

The Examiner has rejected Claim 30 under 35 USC 112. The Examiner stated that the specification does not disclose an “interpenetrating network.” The Claim has been amended.

The Examiner has rejected Claim 31 and stated that the recited limitations are not supported by the specification. Claim 31 has been amended.

The Examiner has rejected Claim 27 because the phrase “said glass plate” lacks antecedent basis. The appropriate amendment has been made.

The Examiner has rejected Claim 33 and 37 because “commonly” is a relative term. The term has been removed from the claim.

The Examiner has suggested that Part C of Claim 27 been amended to recite second crosslinker. The amendment has been made.

The Examiner has rejected Claims 27-37 on the ground of nonstatutory obviousness-type double patenting over claims 27 and 30-34 of copending Application Number 11/444,819.

A terminal disclaimer is enclosed in order to overcome the rejection based on nonstatutory double patenting ground.
